SCHOOLS

Schools Summary

- Note, School and Population estimations are as of 8/8/18
- Most schools have scheduled start times to begin over the next two weeks. School districts in Lake, Shasta, and Riverside Counties have officially delayed their start date
 - The beginning of the school year will be postponed until 8/22/18 for Lakeport Unified School District and Upper Lake Unified School District
 - Konacti Unified School District is scheduled to open on 8/20/18
 - Lucerne Elementary is scheduled to open on 8/15/18

California Department of Education

- CDE is communicating regularly with affected county superintendents of schools and providing resources to help schools open on time including information regarding childcare programs, before and after-school programs, and nutrition programs
- CDE is working with the Division of the State Architect to help Shasta Union Elementary District find temporary housing for their students. They had identified a private building that did not meet Field Act requirements and cannot be used for public school use. Instead, the District is trying to secure portable classrooms to use as interim housing until their campus is ready for student occupancy
- CDE is also gathering and updating information about facility damage, school opening dates and other unmet needs
- A webinar/call is scheduled with Cal EPA on 8/10/18 at 1300, to provide information on air quality and clean up and answer any questions districts may have. This information has already been shared with county superintendents in the impacted counties and CDE will distribute more broadly today
